

W~~W~~OO~~O~~F PERMACULTURE PROJECT

Volunteers welcome March – October !

Burgundy, France

WE OFFER YOU

- The opportunity to get hands-on experience in permaculture;
- Be part of a fun team with a diverse background where everyone supports and learns from each other;
- A castle stay and beautiful surroundings in a 20ha park full of majestic old oak trees.

In exchange for **min. 25 hours gardening work per week** (5 days per week + community tasks) you will get free board & lodging. Your job is to support the gardening team with weeding, planting and harvesting etc., and learn more about permaculture and bio-dynamic agriculture along the way.

THE GARDEN

- 6000 m2 of organic permaculture market garden;
- We apply the principles of agroforestry and syntropic agriculture;
- The garden includes a tunnel (serre), medicinal plants and some fruit trees;
- Since 2021, it also includes a plant nursery (run independently by an experienced professional);
- Our shop sells happy veggies twice a week and also offers customers weekly subscriptions.

Aerial view dating from 2018, which shows the garden's hexagonal cell structure.

APPLY NOW !

Volunteer slots available between March to October. If interested, write to us at oui@whichgarden.org

ABOUT THE PROJECT

Which?Garden is located in the park of Château de Fougerette, which is home to the #TransitionCastle initiative.
